Support CA Kids!

We need your voice!

SupportCAKids is a grassroots movement of parents, grandparents and concerned community members who are committed to protecting the future of California's six million public school students.

It is our desire to:
- Educate parents of the opportunities to protect educational funding.
- Work to release restrictions on educational funding to give districts the ability to spend funds where needed during times when Proposition 98 is deficit. Proposition 98 is the funding mechanism which requires a minimum percentage of the state budget to be spent on K-12 education.

These are concerns that equally apply to all school districts. That is why we launched SupportCAKids - to give parents a place to start their research and assist them in voicing their opinions.

Our website (www.SupportCAKids.com) provides easily accessible information: you can sign up for email updates on our grassroots efforts; find the most current State budget information; and a link to legislators' email addresses so that you can forward your letter, or use our template, letting Legislators know we want them to put our children first.

Working together we can raise our voices to inform our Legislators that we are not going to let them balance their budget on the backs of our children. Please help to secure the future of all Californian children by joining us.
